

## MAINTENANCE SCHEDULER – JUMPING POUND

**Position Title:**

Maintenance Scheduler

**Job Type:**

Full time, permanent  
Union

**Reporting to:**

Maintenance Foreman

**Location:**

Jumping Pound

**Company Profile:**

Pieridae Energy Limited (“Pieridae”) is a natural gas company, with a strategy to build a long-term presence in the Canadian Foothills. Pieridae is currently reevaluating its option to build a world class LNG project in Atlantic Canada. The company has natural gas assets located in Alberta and British Columbia.

**Position Summary:**

The Jumping Pound Complex is currently looking for a safety-oriented individual to fill a maintenance scheduling role for their high-pressure sour gas plant and field situated southwest of Cochrane, Alberta. Reporting to the Maintenance Foreman, the Maintenance Scheduler will be responsible to provide maintenance and scheduling support.

The Maintenance Scheduler will provide direct guidance and support to maintenance staff and contractors to consistently meet or exceed expectations in the following areas: health and safety, production, operating costs, corporate values, environment, training, regulation, and emergency response. We offer unique opportunities for self-starting individuals to have material impact on the shaping and success of our company.

**Responsibilities:**

- Create weekly schedule using corrective and preventative maintenance WOs in Maximo based off prioritization score and WO LAFD.
- Work closely with all key stakeholders to ensure maintenance activities are completed and closed out.
- Participate in MOE meeting to rank work notifications for scheduling using the prioritization tool
- Report resource capacity and backlog data for all trades.
- Allocate work orders and resources to the 90 day outlook schedule.
- Make any changes to the schedule prior based of review feedback.
- Communicate 7 Day Frozen Schedule to the complex.
- Expedite work as requested by site leadership.
- Allocate tasks and dispatch work to individuals.
- Manage field and complex Integrated activity plan (IAP)
- Run the yesterday, today, and tomorrow meeting (YTT)
- Assist in scheduling management of change actions (MOC)
- This is a 9/80 shift schedule

**Education and Work Experience:**

- Minimum of 5 years of sour gas experience
- Journeyman ticket or power engineering preferred
- Experience with scheduling of maintenance work orders
- Must have a valid class 5 driver’s license
- Experience on development and support of function to Maximo

- Familiarity with heavy industry planning, scheduling, and execution concepts
- Expert knowledge of maintenance processes and programs

Pieridae is an equal opportunity employer committed to diversity and inclusion. We are pleased to consider all qualified applicants for employment without regard to race, color, religion, sex, national origin, age, disability, protected veterans status or any other legally protected factors. Accommodation for applicants with disabilities is available on request during the recruitment process.
