

PRODUCTION MAINTENANCE OPERATOR – JUMPING POUND

Position Title:

Production Maintenance Operator

Job Type:

Full Time Union

Reporting to:

Foreman, Field

Location:

Jumping Pound

Company Profile:

Pieridae Energy Limited (“Pieridae”) is a natural gas company, with a strategy to build a long-term presence in the Canadian Foothills. Pieridae is currently reevaluating its option to build a world class LNG project in Atlantic Canada. The company has natural gas assets located in Alberta and British Columbia.

Position Summary:

The Jumping Pound Gas Complex is currently looking for a safety-oriented individual to fill an operations role for their high-pressure sour gas field situated southwest of Cochrane, Alberta.

Reporting to the Field Foreman, you will be responsible to provide operational support to the Asset, including monitoring, troubleshooting, and safe operation of the wells, gathering systems, and compressor stations. You will provide direct guidance and support to operating staff and contractors to consistently meet or exceed expectations in the following areas: health and safety, production, operating costs, corporate values, environment, training, regulatory, and emergency response while in care and control of the field. We offer unique opportunities for self-starting individuals to have material impact on the shaping and success of our company.

Key Responsibilities:

- Responsible for the safe operation and routine maintenance of 77 sour gas wells, 10 field compressors, and 3 large compressor stations.
- Responsible for isolation and permitting activities in a large industrial setting.
- Must meet the requirements of WHMIS, ABSA, and ASME codes as required.
- Must follow and apply the site’s safe work procedures.
- Must be able to take and direct calls from the public regarding the site’s activities. Our interactions with the community are critical to our business.
- Must be prepared to respond to an emergency and follow the site’s emergency response plan.

Education and Work Experience:

- Minimum of 3 years operations experience in sour gas processing field required.
- Experience with dehydration equipment, injection pumps, plunger lifts, screw compression etc., and a good understanding of sour gas process.
- Technical diploma or Journeyman Certificate in a related discipline would be an asset.
- Valid 5th Class driver’s license and clean drivers abstract is required.
- Ability to operate UTV, Skid Steer, and Snowmobile.
- Current certification in H2S Alive, First Aid, WHIMIS, TDG is preferred.
- Demonstrated ability to adapt to process changes and modifications.
- Demonstrated computer literacy and knowledge of automated operations systems.
- Excellent communication skills.
- Proven analytical and problem-solving skills.
- Work well with others in a fast-paced environment.
- Ability to work overtime and respond off hours as part of an “On Call” rotation.

Pieridae is an equal opportunity employer committed to diversity and inclusion. We are pleased to consider all qualified applicants for employment without regard to race, color, religion, sex, national origin, age, disability, protected veterans status or any other legally protected factors. Accommodation for applicants with disabilities is available on request during the recruitment process.
