

Gas Plant Operator – Jumping Pound

Position Title:

Gas Plant Operator

Job Type:

Full time, Union Position

Reporting to:

Foreman, Plant Operations

Location:

Jumping Pound Complex

Company profile:

Pieridae is a Canadian energy company headquartered in Calgary, Alberta. Through several corporate and asset acquisitions the Company has grown into a significant upstream and midstream producer with assets concentrated in the Canadian Foothills, producing conventional natural gas, NGLs, condensate and sulphur.

Management is excited about Pieridae’s opportunities and prospects within our existing asset base in the Canadian Foothills; during the past year Pieridae has strategically refocused on sustaining and growing its upstream exploration and production (“E&P”) and midstream business. Our objective is to continue Pieridae’s pivot toward growing a sustainable and profitable conventional Foothills oil and natural gas business while continuing to explore opportunities to diversify market access for the products we produce.

Position summary:

The Pieridae Jumping Pound Gas Complex is currently looking for a safety-oriented individual to fill an operations role for their high-pressure sour gas plant situated southwest of Cochrane, Alberta.

Reporting to the Plant Foreman you will be responsible for the safe and efficient operation of the equipment and processes.

Key responsibilities:

- Responsible for the safe operation of a first class, 2600 e3m3/d sour gas plant with fractionation unit, stabilization unit, deep cut, sulphur plant, and all associated utilities.
- Responsible for isolation and permitting activities in a large industrial setting.
- Must meet the requirements of WHMIS, ABSA, and ASME codes as required.
- Must maintain a logbook and operate the site’s power boilers in compliance with the regulations.
- Must follow and apply the site’s safe work procedures.
- Must be able to take and direct calls from the public regarding the site’s activities. Our interactions with the community are critical to our business.
- Must be prepared to respond to an emergency and follow the site’s emergency response plan.

Education and work experience:

- Experience in sour gas processing facilities required
- Minimum 2nd or 3rd class power engineering certificate is required
- 5th Class driver’s license and driver’s abstract is required
- Current certification in H2S alive, First Aid, WHIMIS, TDG is preferred
- Demonstrated ability to adapt to process changes and modifications
- Demonstrated computer literacy and knowledge of automated operations systems
- Excellent communication skills
- Proven analytical and problem-solving skills
- Excellent organizational and project management skills

- Work well with others in a fast-paced environment
- Ability to work twelve-hour rotating shifts and cover other operators during their absences

Pieridae is an equal-opportunity employer committed to diversity and inclusion. We are pleased to consider all qualified applicants for employment without regard to race, colour, religion, sex, national origin, age, disability, protected veterans' status or any other legally protected factors. Accommodation for applicants with disabilities is available upon request during the recruitment process.
